**A VERY WORTHY YOUNG MAN**

C. D. Wilson, a brakeman 19 years of age, in the employ of the local freight crew, working between New Cumberland Junction and Chester, was almost instantly killed in Chester shortly after 11 o'clock this morning in the discharge of his duties. The shifting engine had pulled out of the tin mill yard with a box car in front of it and another in the rear. Wilson was riding on the front end of the forward car, on the iron step and hanging to the upper handles, supposedly for the purpose of throwing a switch at the east end of the trestle over Mark's run.

Before the car on which the unfortunate man was riding had gone more than 20 feet onto the bridge, a few of the spectators who witnessed the scene were horrified to see the man in some manner loosen his hold and fall across the track. Not until the car in front and the engine and tender passed over his body was the train stopped.

His body was tenderly lifted from the track onto the boardwalk and physicians immediately summoned, but before their arrival he was placed in the caboose and hurried down the track to a point opposite the office of Dr. Campbell, at which point Dr. G. E. Lewis joined in making an examination of his injuries.

The left leg above the ankle was completely severed, the neck broken and the skull fractured, death being almost instantaneous. The remains were taken to New Cumberland by the train crew and accompanied by Dr. Campbell.

Young Wilson was very popular with his fellow workmen, all of whom were deeply grieved over the sad occurrence. Wilson was the eldest of five children of Mr. and Mrs. Hardy Wilson. The father is employed as a clay miner in New Cumberland. The son is well spoken of and contributed largely to the support of the family, who are respected members of the Methodist Protestant church, of which Rev. Mr. Dimit is the pastor.

**Police Find Reports of the Trouble at  
Stella Mears' Saloon Were  
Exaggerated.**

The authorities this morning began an investigation of the fight which was alleged to have taken place between Willis Craig and Lizzie Kiser at Stella Mears' saloon Saturday night.

The matter was placed in the hands of Officer McDermott, who went about the task in his own way. Before noon he had interviewed every one who was known to have had anything to do with the affair. It developed that Craig and the girl had some trouble and that the latter had pitched a glassful of whiskey into the negro's face. It was brought out that the story of the fight had been told by a man named Morgan, who had once been employed at the saloon and had been exaggerated somewhat.

Columbus, December 29.—(Special.)—Hon. E. W. Hill, representative-elect from Columbiana county, and family are now citizens of the state capital and will remain so until the close of the legislative session which begins next Monday. Mr. Hill, accompanied by his wife and daughter, Janet, and son, Roger, arrived here from East Liverpool yesterday afternoon and at once took possession of a furnished house at 117 Hamilton avenue, which they will occupy during their stay in the city. They are comfortably situated.

Mr. Hill will return home this week and expects to visit East Liverpool about every other Saturday, or often if necessary, to give attention to his business. He has no pet fad measures to introduce and is opposed to wholesale introduction of bills. He also favors a judicious use of the pruning knife on measures whose provisions are too radical.

"I am open and free for suggestions from my constituents," said Mr. Hill. "I desire to be apprised and advised as to the enactment of legislation which in the judgment of my constituents would be beneficial to its interests."

Mr. Hill's children will attend school here.

**An Enjoyable Entertainment At the  
Hall For Members of the  
Society.**

The East Liverpool Turnverein gave an entertainment and treat last evening in celebration of the Christmas holiday that surpassed anything of the kind ever attempted by it. The comfortable hall on Walnut street was well filled with the members of the society and their families and the evening was one of unalloyed enjoyment.

The hall was tastefully decorated with evergreens and upon the stage was a huge Christmas tree, loaded down with presents for the children. The presents were distributed and at the conclusion pop corn balls and oranges were thrown from the stage, for which the children scrambled.

An entertaining musical program, with both vocal and instrumental numbers, was rendered, the singing class, under the leadership of Prof. Fisher, of Monaca, taking part. Refreshments were served and later dancing was indulged in.

**THE GOVERNOR WILL

Columbus, December 29.—(Special.)—Governor Nash will resume the practice of law upon retirement to private life. He made the following announcement yesterday afternoon: "George K. Nash, John J. Lentz, Louis G. Addison, Worthington E. Babcock, Lincoln Fritter, Frederick N. Sinks and Clarence M. Addison have entered into a partnership contract to engage in the practice of law, from and after January 12, 1904. The firm name will be Nash, Lentz, Addison & Fritter."

Mr. Sinks is Governor Nash's private secretary. This is the firm the governor was connected with when he took the executive office four years ago with the addition of Babcock, Sinks and Clarence M. Addison.

**Foreclosure Proceedings.**

Lisbon, December 29.—(Special.)—Charles W. Pitcairn, as executor of the estate of the late John Pitcairn, of Lisbon, filed suit today against Dollie Belle Clark, Harry Clark and David S. Betz, to foreclose a mortgage on 52.90 acres in Leetonia in satisfaction of an unpaid remainder on a note for \$808.80. J. M. Dickinson, of Lisbon, is the plaintiff's attorney.

**Councilmen Investigated Double  
Track Matter Without  
Much Profit.**

**OLD COMPLAINTS HEARD**

When the amount of time consumed in the inspection is considered, the investigations made by the city council yesterday afternoon of the double tracking system of the Cleveland & Pittsburgh railroad through the town was productive of little actual benefit either to themselves or their constituents.

The councilmen with the solicitor and engineer went to Jethro first, where the residents of that section had made numerous demands. Committees from former councils had visited the locality several times, and the situation there was found to be much the same as before. Federal street, which is the only thoroughfare open to the river from Jethro, was in bad repair, and the members of council were disposed to require the company to fix it up and keep it in good condition.

The question of some sort of a crossing at Washington street was called to the attention of council. The matter has been insisted upon by citizens of Jethro ever since the railroad company asked for double tracking privileges. The railroad officials hold that it is unnecessary, and some of the councilmen are inclined to agree with them. It is likely therefore that nothing will be done with the matter before the ordinance is passed.

The councilmen made a trip to Ralston crossing, where they found things in a very satisfactory condition. Proceeding to the East End they continued their inspection, returning to the city proper by the street railway.

Pittsburg, December 29.—(Special.)—The entire downtown fire department this morning battled for hours with one of the most stubborn fires that has visited this city for years. At noon the blaze was under control, but the fire was still burning and sending forth great volumes of smoke two hours later.

**ADDITIONAL ROOM  
FOR THE CARRIERS**

**Postoffice Force Will Hereafter  
Have the Use of the  
Basement.**

**WHEN NOT ON THE ROUTES**

**The Carriers Will Use the Place as  
Headquarters—It Will Be Fitted Up  
for Their Comfort And Convenience  
And Will Meet a Want.**

As a result of persistent solicitation on the part of Postmaster Surles and his able force of employees, additional room has been set aside for the use of the carriers. To the present the postoffice business has been confined to one floor of the old Wells block, and as the office has grown in importance and the volume of business transacted, it has become more and more apparent that the space is inadequate. During busy seasons the branch has been terribly cramped for room, and it was determined to remedy this condition if possible.

The carrier department, one of the most important in the postal service, has been steadily growing until, where there were four regular men when the free delivery feature was added a few years ago, 11 regular and substitute carriers now employed. There are certain times when these men are all in the office at the same time. The greater portion of the day, however, they are upon their routes, which brings each to the office on the return trip at different times.

In almost every city the postoffice is equipped with what is known as a swing room. This apartment is devoted to the use of the carriers. Between trips and when off duty the room is made a headquarters for the men of this department, and the East Liverpool office is to have a swing room.

Arrangements have been made for the addition of the basement room under the south end of the block. The room has formerly been used as a restaurant. Recently a religious organization has been meeting there. Now it is vacant and will be fitted up for the accommodation of the letter carriers. As a rule the men themselves add to what Uncle Sam provides in the way of furnishings, and in this manner the apartment will be beautified and improved. The letter carriers who are now employed at the local office and who will use the room are: No. 1, Alsina Swaney; No. 2, P. F. McCloskey; No. 3, John W. Suter; No. 4, D. H. Jessop; No. 5, Henry Bevington; No. 6, Wm. M. Carey; No. 7, John J. McKeever; No. 8, John W. Sellers; No. 9, Wm. A. Wells. Substitutes, George A. Smith and Wilmer H. Starr.

The lessor of the postoffice rooms, W. W. Harker, is doing everything in his power to better the condition of things, sparing neither time nor money for the comfort and convenience of the employees and patrons of the office.

**Farm Sold By Sheriff.**

Lisbon, December 29.—(Special.)—An 80-acre farm, situated south of Lisbon in Center township, was sold from the court house steps by the sheriff yesterday afternoon. There were four bidders and the property was sold to Landon A. Tullis, for \$2,020. The farm, which had been appraised at \$2,400, was sold as a result of partition proceedings, brought by Robert Ramsey et al against Hanna S. Whitacre et al.

is about \$40,000. The contents consisted of furniture, household goods and dry goods, which were entirely destroyed. The whole interior was burned out, leaving only the shell of walls standing. It is supposed an overheated furnace started the blaze. Several hundred barrels of whiskey were stored in the building and there was constant danger that it would explode. A fireman fell from a ladder and was badly hurt. A general alarm brought all the engines of the city to the fire.

## NEW ELECTRIC LINES STARTING AT SALEM

**SANITARY SEWER  
IS NECESSARY**

**Health Board Decides It Should  
Be Built to Drain Tanyard  
Run District.**

**COUNCIL IS NOTIFIED**

Although the meeting of the board of health last night was held at the instance of Auditor Davidson, who wanted to close up the accounts of the board for the year, several matters of importance were transacted. The meeting was held in the new room of the township trustees on the second floor of the city hall building and Mayor Weaver presided with Members Birkett, Haines, Harris and Mowen present.

Two bills for supplies furnished at the Prescott home, in the East End, while under quarantine for smallpox, caused considerable discussion. One of the bills amounted to \$34.90 and the other to about \$12. The smaller amount was for oranges, bananas, etc. The health officer stated that he had not ordered the articles enumerated and the bills were finally laid over for further consideration. The regular monthly pay roll and other bills, all amounting to \$140.20, were ordered paid.

A resolution providing for the building of sanitary sewers in District No. 2, was passed and ordered reported to council at the next regular meeting of that body. The members of the board hope that council can see its way clear to provide for the work as the sewers are greatly needed since the board has determined to put an end to the use of Tanyard run for sanitary purposes. A private sewer from Chester avenue to the McKinley school building has been built by the board of education, and the board of health proposes to use this line and reimburse the board from the assessments on property along that portion of Minerva street.

The resolution is as follows: That it is necessary to construct certain sewers hereinafter described and provided for in a general plan for a system of sanitary sewerage for said city, known as Sewer District No. 2, which general plan was adopted by council on the ..... day of ..... 1897, and which plan is now on file in the office of the city engineer of said city; and that the portion of the work provided for in said general plan which is hereby determined to be necessary to construct is as follows:

From Bradshaw avenue northwardly on Oak street to Minerva street; thence eastwardly along Minerva street to Riley avenue.

Sewer on Seventh street from sewer on West Market street westwardly to the west side of lot No. 2687.

Sewer on Jackson street from sewer on Seventh street northwardly 145 feet on Jackson street.

Sewer on Eighth street from sewer on Jackson street westwardly on Eighth street to east side of lot No. 2712.

Sewer on Bradshaw avenue from sewer on Bradshaw avenue to Oak street eastwardly on Bradshaw avenue to intersection of Bradshaw avenue and Ambrose avenue.

Be it further resolved, that the construction of said sewers is a necessary sanitary measure, as a proper protection of the health of that part of the community through which said sewers will run, and the clerk of the board of health is hereby instructed to serve a copy of this resolution upon the city council of said city.

**A Progressive Firm.**

C. N. Miller, who succeeded J. D. West in the livery and undertaking business, has proved himself one of the most enterprising and progressive business men in the city. The carriages, horses and every sort of vehicle turned out of this establishment are new and in first-class condition. Mr. Miller has recently added a fine ambulance to his equipment, making it second to none in this section of the state.

**CAMERON POTTERS  
GET THEIR PAY**

**Bank Will Pay in Full and the Pottery  
Is Reported Prosper-  
ing.**

It has been announced that the First Citizens' bank of Cameron, W. Va., will meet its obligations, and is in position to pay every demand in full. E. A. Smith, manager of the decorating kiln department of the pottery in that city, is in the city on a visit to his relatives, and stated this morning that the checks issued to the employees had all been honored when presented to another bank in the same town. Mr. Smith said the pottery had been prospering ever since a start had been made, and when it resumed after the holidays would be able to run full in every department.

Mr. Smith is desirous of inducing a number of pottery workers to go to Cameron. He says the firm needs the services of fully 25 girls and that steps were being taken to obtain a thorough knowledge of wages and working conditions in the departments where girls are employed. He says the company proposes to pay the prevailing prices in every department.

B. V. Wallack, property man of the Aubrey stock company, which was here last week, was taken seriously ill at the Hotel Edwards a few days before Christmas and yesterday morning was taken to his home at Binghamton, N. Y., in a dying condition. Mr. Wallack has been feeling rapidly ever since joining the company several weeks ago, his weight dropping over 35 pounds in that short length of time.

The services of a physician were deemed necessary last Wednesday and Dr. W. A. Bean was summoned. He pronounced the case one of consumption of the bowels and thinks Mr. Wallack's chances of life are exceedingly slim, if indeed he is not already dead.

Akron, December 29.—"When I die the world will come to an end," was the remark made Thursday evening by Joseph Sailor, a wealthy and eccentric cigar merchant of Canal Fulton. Yesterday morning he was found dead on the floor of his store, the body surrounded by seven bibles, all open.

It is supposed that he died from an attack of heart trouble, although it is barely possible that he committed suicide. There are no marks of violence on the body. Sailor was over 70 years of age and was supposed to be wealthy. He lived alone.

News Review Holiday  
Number.**

The East Liverpool (O.) News Review has published a holiday number that for a town of such a size is a marvel of the newspaper business. Not only is this special edition in six parts, but it has a wrapper in colors with a Christmas greeting. Besides the news section there are five others which are filled with special articles on the industries and history of the town.

These various readable stories are also flanked by large display advertisements, showing the popularity of the paper among the merchants there. —Pittsburg Times.

**Appealed from Justice's Court.**

Lisbon, December 29.—(Special.)—The case of J. S. Laughlin vs. Levi Bolton has been appealed to common pleas court from the court of Justice Daniel McLane in East Liverpool. Suit was brought for \$31.95, alleged to be due for the rent of a dwelling in East Liverpool for three months and 23 days. Judgment for the full amount and \$9.65 costs was rendered for the plaintiff in the justice's court.

**THE YOUNGSTOWN ROAD**

**WORK IS NOW BEING PUSHED**

Lisbon, December 29.—(Special.)—The jury in the appropriation proceedings of the Salem & Eastern Electric Railway company against Robert French, of Salem, received its instructions in probate court yesterday afternoon, went to Salem on the afternoon train, viewed the premises and returned to Lisbon on the evening train.

There was a hearing in the case in probate court this afternoon: Carey & Mullins, of Salem, and Judge M. B. Billingsley, of Lisbon, represented the railroad company and Judge J. D. Boone appeared in court for the defendant.

These appropriation proceedings developed the fact that the Salem & Eastern, which was incorporated at Columbus some time ago, to build an electric line from Salem through Leetonia and Columbiana to East Palestine with a spur from Salem to Lisbon, is identical with the Stark Electric Railway company. From one who is in a position to know it was learned yesterday afternoon that the company contemplates extending its line eastward to East Palestine, passing through Leetonia, Columbiana and New Waterford not later than next summer. The company also expects to build the spur from Salem to Lisbon at the same time in case the project is not preempted by some other company.

W. S. Potts, of Lisbon, the local representative of the Youngstown & Southern Railway company, is in receipt of private advices, however, from the president of that company, General Asa W. Jones, of Youngstown, to the effect that his company intends to cover the field between Lisbon and Salem, making Salem one of the terminals of the system. General Jones said:

"We expect without any doubt to build a terminal line to Salem as a part of the Youngstown & Southern line. It will not be merely a spur, but a main line from Salem as the terminal at present."

In speaking of the road in general he says: "We are getting along pretty well now, working both night and day, and hope to get our tracks down to Columbiana before the first of March. Our ties are all bought and are now being distributed. Our steel is bought to carry us to Leetonia and deliveries will commence the early part of January."

The grading force for the Youngstown & Southern is now working at a point less than two miles north of Columbiana.

The commissioners dealt liberally with the officials, the money consideration for the privilege being placed at \$1. Other lines have paid sums ranging from \$5,000 to \$25,000 for like privileges.

The Youngstown & Southern Railway company binds itself to construct the said railroad track on the east side of the bridge, the center line of the track not to exceed eight feet from the east sidewalk. It also agrees that

There are certain times when these men are all in the office at the same time. The greater portion of the day, however, they are upon their routes, which brings each to the office on the return trip at different times.

In almost every city the postoffice is equipped with what is known as a swing room. This apartment is devoted to the use of the carriers. Between trips and when off duty the room is made a headquarters for the men of this department, and the East Liverpool office is to have a swing room.

Arrangements have been made for the addition of the basement room under the south end of the block. The room has formerly been used as a restaurant. Recently a religious organization has been meeting there. Now it is vacant and will be fitted up for the accommodation of the letter carriers. As a rule the men themselves add to what Uncle Sam provides in the way of furnishings, and in this manner the apartment will be beautified and improved. The letter carriers who are now employed at the local office and who will use the room are: No. 1, Alsinas Swaney; No. 2, P. F. McCloskey; No. 3, John W. Suter; No. 4, D. H. Jessop; No. 5, Henry Bevington; No. 6, Wm. M. Carey; No. 7, John J. McKeever; No. 8, John W. Sellers; No. 9, Wm. A. Wells. Substitutes, George A. Smith and Wilmer H. Starr.

The lessor of the postoffice rooms, W. W. Harker, is doing everything in his power to better the condition of things, sparing neither time nor money for the comfort and convenience of the employees and patrons of the office.

**Farm Sold By Sheriff.**

Lisbon, December 29.—(Special.)—An 80-acre farm, situated south of Lisbon in Center township, was sold from the court house steps by the sheriff yesterday afternoon. There were four bidders and the property was sold to Landon A. Tullis, for \$2,020. The farm, which had been appraised at \$2,400, was sold as a result of partition proceedings, brought by Robert Ramsey et al against Hanna S. Whitacre et al.

Pittsburg, December 29.—(Special.)—The entire down town fire department this morning battled for hours with one of the most stubborn fires that has visited this city for years.

At noon the blaze was under control, but the fire was still burning and sending forth great volumes of smoke two hours later.

The fire broke out shortly after 6 a. m. in the building of the Howe & Keenan Storage & Transfer company at Duquesne way and Third street. The structure is a six-story brick and was valued at \$100,000. The insurance

**COUNCIL IS NOTIFIED**

Although the meeting of the board of health last night was held at the instance of Auditor Davidson, who wanted to close up the accounts of the board for the year, several matters of importance were transacted. The meeting was held in the new room of the township trustees on the second floor of the city hall building and Mayor Weaver presided with Members Birkett, Haines, Harris and Mowen present.

Two bills for supplies furnished at the Prescott home, in the East End, while under quarantine for smallpox, caused considerable discussion. One of the bills amounted to \$34.90 and the other to about \$12. The smaller amount was for oranges, bananas, etc. The health officer stated that he had not ordered the articles enumerated and the bills were finally laid over for further consideration. The regular monthly pay roll and other bills, all amounting to \$140.20, were ordered paid.

A resolution providing for the building of sanitary sewers in District No. 2, was passed and ordered reported to council at the next regular meeting of that body. The members of the board hope that council can see its way clear to provide for the work as the sewers are greatly needed since the board has determined to put an end to the use of Tanyard run for sanitary purposes. A private sewer from Chester avenue to the McKinley school building has been built by the board of education, and the board of health proposes to use this line and reimburse the board from the assessments on property along that portion of Minerva street.

The resolution is as follows: That it is necessary to construct certain sewers hereinafter described and provided for in a general plan for a system of sanitary sewerage for said city, known as Sewer District No. 2, which general plan was adopted by council on the ..... day of ..... 1897, and which plan is now on file in the office of the city engineer of said city; and that the portion of the work provided for in said general plan which is hereby determined to be necessary to construct is as follows:

From Bradshaw avenue northwardly on Oak street to Minerva street; thence eastwardly along Minerva street to Riley avenue.

Sewer on Seventh street from sewer on West Market street westwardly to the west side of lot No. 2587.

Sewer on Jackson street from sewer on Seventh street northwardly 145 feet on Jackson street.

Sewer on Eighth street from sewer on Jackson street westwardly on Eighth street to east side of lot No. 2712.

Sewer on Bradshaw avenue from sewer on Bradshaw avenue to Oak street eastwardly on Bradshaw avenue to intersection of Bradshaw avenue and Ambrose avenue.

Be it further resolved, that the construction of said sewers is a necessary sanitary measure, as a proper protection of the health of that part of the community through which said sewers will run, and the clerk of the board of health is hereby instructed to serve a copy of this resolution upon the city council of said city.

**A Progressive Firm.**

C. N. Miller, who succeeded J. D. West in the livery and undertaking business, has proved himself one of the most enterprising and progressive business men in the city. The carriages, horses and every sort of vehicle turned out of this establishment are new and in first-class condition. Mr. Miller has recently added a fine ambulance to his equipment, making it second to none in this section of the state.

It has been announced that the First Citizens' bank of Cameron, W. Va., will meet its obligations, and is in position to pay every demand in full. E. A. Smith, manager of the decorating kiln department of the pottery in that city, is in the city on a visit to his relatives, and stated this morning that the checks issued to the employees had all been honored when presented to another bank in the same town. Mr. Smith said the pottery had been prospering ever since a start had been made, and when it resumed after the holidays would be able to run full in every department.

Mr. Smith is desirous of inducing a number of pottery workers to go to Cameron. He says the firm needs the services of fully 25 girls and that steps were being taken to obtain a thorough knowledge of wages and working conditions in the departments where girls are employed. He says the company proposes to pay the prevailing prices in every department.

The services of a physician were deemed necessary last Wednesday and Dr. W. A. Bean was summoned. He pronounced the case one of consumption of the bowels and thinks Mr. Wallack's chances of life are exceedingly slim, if indeed he is not already dead.

It is supposed that he died from an attack of heart trouble, although it is barely possible that he committed suicide. There are no marks of violence on the body. Sallor was over 70 years of age and was supposed to be wealthy. He lived alone.

**WORK IS NOW BEING PUSHED**

Lisbon, December 29.—(Special.)—The jury in the appropriation proceedings of the Salem & Eastern Electric Railway company against Robert French, of Salem, received its instructions in probate court yesterday afternoon, went to Salem on the afternoon train, viewed the premises and returned to Lisbon on the evening train.

There was a hearing in the case in probate court this afternoon: Carey & Mullins, of Salem, and Judge M. B. Billingsley, of Lisbon, represented the railroad company and Judge J. D. Boone appeared in court for the defendant.

These appropriation proceedings developed the fact that the Salem & Eastern, which was incorporated at Columbus some time ago, to build an electric line from Salem through Leetonia and Columbiana to East Palestine with a spur from Salem to Lisbon, is identical with the Stark Electric Railway company. From one who is in a position to know it was learned yesterday afternoon that the company contemplates extending its line eastward to East Palestine, passing through Leetonia, Columbiana and New Waterford not later than next summer. The company also expects to build the spur from Salem to Lisbon at the same time in case the project is not preempted by some other company.

W. S. Potts, of Lisbon, the local representative of the Youngstown & Southern Railway company, is in receipt of private advices, however, from the president of that company, General Asa W. Jones, of Youngstown, to the effect that his company intends to cover the field between Lisbon and Salem, making Salem one of the terminals of the system. General Jones said:

"We expect without any doubt to build a terminal line to Salem as a part of the Youngstown & Southern line. It will not be merely a spur, but a main line from Salem as the terminal at present."

In speaking of the road in general he says: "We are getting along pretty well now, working both night and day, and hope to get our tracks down to Columbiana before the first of March. Our ties are all bought and are now being distributed. Our steel is bought to carry us to Leetonia and deliveries will commence the early part of January."

The grading force for the Youngstown & Southern is now working at a point less than two miles north of Columbiana.

The commissioners dealt liberally with the officials, the money consideration for the privilege being placed at \$1. Other lines have paid sums ranging from \$5,000 to \$25,000 for like privileges.

The Youngstown & Southern Railway company binds itself to construct the said railroad track on the east side of the bridge, the center line of the track not to exceed eight feet from the east sidewalk. It also agrees that

### IMPORTED LABOR.

Secretary Cortelyou has ordered the deportation of the skilled glass blowers from Stourbridge, England, who were detained at Ellis island, under the alien contract labor law. They landed at Montreal and were bound for Corning, N. Y. They appealed to Secretary Cortelyou from the action of the immigration authorities, and their case practically was assumed by a glass manufacturing company at Corning, which, according to the board of special inquiry had contracted expressly or implicitly for their services, or had induced their immigration to the United States. The action of the board is now affirmed in all the cases, it being held that the company had not shown such diligence in seeking like labor in the United States as would justify them in importing labor from abroad.

The case is somewhat similar to the alleged violation of the immigration laws by a New Castle pottery, although the importation of the men was not detected in the pottery case until after they had reached New Castle. The pottery case is still pending.

prospering, he states, several mammoth manufacturing plants giving employment to a large number of skilled mechanics. The Barberton pottery has been enjoying a good run of work, particularly on cups, saucers and fruit, used for scheme purposes. The plant also makes large quantities of hollow ware, etc. Mr. Coleman expects to return to work within the week, a rumor having gone abroad that the manager of the plant has asked the kilnmen to return to work.

### NEW METAL DISCOVERED.

Charles K. Bixon, of Zanesville, has placed on exhibition in that city a metal which he calls "margarine silver," an invention of his along the line of combining mineral elements. The combination, Mr. Bixon states, has the appearance of real silver, and is used in decorating ware in the potteries. The discovery, which he made while experimenting in the laboratory of the American Ceramic Art pottery, East Liverpool, is the outcome of deep research and years of labor. It is destined to create a revolution in the business, through its cheapening facilities, and will, when placed upon art ware, give the same results as pure silver, says the Zanesville Times-Recorder.

Mr. Bixon states that he will not divulge the secret of his discovery, and expects that it will make him wealthy when the product is properly marketed. The metal can be used in the jeweler's art, as well, and may prove the revolutionizing factor which alchemy has sought for ages.

### PLANTS STARTING UP.

Several local plants are in partial operation this week and by next Monday work will be generally resumed. At the plants starting yesterday a few pressers and fitters were at work and the kilnmen will thus get an early start. For several weeks prior to the loaf there had been a shortage of ball clay and two plants had to close down on this account. Quite a number of cars of ball clay have been received and during the loaf a number of claymakers were at work to get enough clay ahead for a start. The delay in receiving the clay cars is said to have been caused by congestion of traffic, but as conditions are not near so bad now as last year's very little complaint is heard.

Japan has started her first shipment of exhibits to St. Louis for the world's fair. This information was conveyed to the exposition authorities in a letter from K. Sagawa, who has been appointed director of exhibits by the Japanese government. Mr. Sagawa will leave Japan early in January and will personally receive and direct the placing of exhibits from this country. He states this government will send 40 young men to assist in the installation of exhibits and to remain in charge of them during the term of the exposition. Mr. Sagawa says Japan will make a more complete display of that wonderful country's resources and progress than it has ever made at any previous exposition.

### JAMES CANNON HERE.

James Cannon, one of the most successful pottery managers of this district, has been the guest of his brother, Thomas Cannon, kiln fireman at the Dresden plant, for several days. Mr. Cannon has been connected with the Riverside pottery, Wheeling, for a number of years. Mr. Cannon has kept pace with the progress of the potting industry and is recognized as

one of the best equipped managers in the business.

### WANTS ANOTHER JOB.

Wes Fleming, a well known local pottery worker, whose experience at the Cameron plant was published in yesterday's News Review, will remain here for a few days, or until he finds employment. There are fewer East Liverpool operatives at the Cameron plant than at any of the other new ones, and if Fleming's statements are true the present conditions will not stimulate emigration.

### AN AKRON VISITOR.

John Tracy, well known in this city, returned to Akron yesterday after spending a few days here with relatives. Mr. Tracy is employed at the Akron China company plant as a sagger maker and reports the plant has been experiencing a fairly prosperous season.

### SNOW AND BAD LUCK

Make the Winter Work of the Rural Carriers Very Difficult.

Salineville, December 29.—(Special.)—Rural Free Delivery Carrier J. S. McSwiggen, who travels route No. 2 west of Salineville, met with a number of accidents Saturday while making his trip. Snow drifts and the accidents made the day an eventful one. Bad luck followed him all day and when he arrived at the office here he was willing to give up his job. The icy condition of the roads made it dangerous to travel in a wagon, and his horse pulled a shoe and snow drifts were piled wagon top high in several places. Sunday the trustees of the districts were out and cleared the road for the carrier.

J. W. Manning, who travels east of town, did not have so much bad luck, but his route was badly drifted. He uses two horses on his wagon, which makes it much better. His route was very icy and drifted badly, but he made the trip all right, though he notified a trustee of a number of places where drifts were too high to pass over. The life of a rural carrier is not at all pleasant in winter.

### BANK OFFICERS

Chosen for the New Institution About to Open in Salineville.

Salineville, December 29.—(Special.)—At a meeting of the stockholders of the People's Banking company the following persons were chosen directors of the institution: Levi Van Fossen, Frank Humphrey, J. Scott Thompson, H. E. Blazer, W. J. Binsley, E. E. Black, H. B. Clark, L. Lange and James H. Dodds. The meeting was very lively throughout and the spirit of the stockholders plainly showed that they were intensely interested in the new bank.

The directors met and selected the following officers: James H. Dodds, president; W. J. Binsley, vice president; H. E. Blazer, cashier; John S. McClain, assistant cashier; H. E. Blazer, E. E. Black and Frank Humphrey, finance committee. The bank will open its doors to the public some time during the first week in January.

### Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. ### SALINEVILLE

Salineville, December 29.—The mines have been idle since last Thursday and from prospects now there will be little work this week. The holiday season seems to have had its effect on the coal trade as well as the men.

A mass meeting of the miners will be held soon to elect delegates to attend the national convention of the United Mine Workers of America, to be held next week.

William Hackett, contractor on the C. & P., has moved his teams, wagons and other effects to Wellsville, where he will be engaged widening for the double track.

Rural Carrier John W. Manning, who has traveled route No. 1 east of Salineville since it started last February, has sent in his resignation to the department. It is expected that an examiner will be here soon to examine applicants for the position. His resignation will take effect January 1st.

### MORE LABOR UNIONS.

Alleged Attempt at Suppression Has an Opposite Effect.

Albany, N. Y., Dec. 29.—Despite the fact that there has been alleged concentrated effort to discourage trade unionism, the New York state department of labor in its bulletin for the quarter ending Oct. 1 reports a great increase in membership and in unions established. The bulletin says: "At the end of September the bureau of labor statistics registered 2,587 trade unions in this state, this being an increase of 225 over the number six months previous. The total membership was 395,736, an increase of 38,634. New York city gained 24,361 or 11.3 per cent in membership. The principal increases were in the building and transport trades, while the clothing trades lost 4,065 members. "The volume of immigration at the port of New York continues to swell beyond the record-breaking figures of last year. In July, August and September 129,809 steerage passengers landed in New York, as against 103,800 in the same months of 1902."

### HAVE TWO GOVERNMENTS.

Another General Ambitious to Rule San Domingo.

San Domingo, Dec. 29.—It is reported that General Gellertier has formed a provisional government at Azua de Compostella, presided over by himself, and that the inhabitants of Barahona have joined in the movement and that the two forces are jointly marching on this city. Consequently there are now two provincial governments in the republic.

## Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

## Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every organ of the body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take a bottle once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milto Center, N. Y.

Secretary Cortelyou has ordered the deportation of the skilled glass blowers from Stourbridge, England, who were detained at Ellis Island, under the alien contract labor law. They landed at Montreal and were bound for Corning, N. Y. They appealed to Secretary Cortelyou from the action of the immigration authorities, and their case practically was assumed by a glass manufacturing company at Corning, which, according to the board of special inquiry had contracted expressly or implicitly for their services, or had induced their immigration to the United States. The action of the board is now affirmed in all the cases, it being held that the company had not shown such diligence in seeking like labor in the United States as would justify them in importing labor from abroad.

The case is somewhat similar to the alleged violation of the immigration laws by a New Castle pottery, although the importation of the men was not detected in the pottery case until after they had reached New Castle. The pottery case is still pending.

### THE BARBERTON TROUBLE.

Aaron Coleman, formerly treasurer of the National Brotherhood and later manager of the co-operative store, is one of the operatives at the Barberton plant affected by the dispute with the management over the installation of time registering devices. Mr. Coleman, who is in the city visiting relatives, states that he was compelled to stay in Barberton a full week after the plant closed down in order to get what money was coming to him in wages. The town of Barberton is

prospering, he states, several mammoth manufacturing plants giving employment to a large number of skilled mechanics. The Barberton pottery has been enjoying a good run of work, particularly on cups, saucers and fruit, used for scheme purposes. The plant also makes large quantities of hollow ware, etc. Mr. Coleman expects to return to work within the week, a rumor having gone abroad that the manager of the plant has asked the kilnmen to return to work.

### NEW METAL DISCOVERED.

Charles K. Bixon, of Zanesville, has placed on exhibition in that city a metal which he calls "margarine silver," an invention of his along the line of combining mineral elements. The combination, Mr. Bixon states, has the appearance of real silver, and is used in decorating ware in the potteries. The discovery, which he made while experimenting in the laboratory of the American Ceramic Art pottery, East Liverpool, is the outcome of deep research and years of labor. It is destined to create a revolution in the business, through its cheapening facilities, and will, when placed upon art ware, give the same results as pure silver, says the Zanesville Times-Recorder.

Mr. Bixon states that he will not divulge the secret of his discovery, and expects that it will make him wealthy when the product is properly marketed. The metal can be used in the jeweler's art, as well, and may prove the revolutionizing factor which alchemy has sought for ages.

### PLANTS STARTING UP.

Several local plants are in partial operation this week and by next Monday work will be generally resumed. At the plants starting yesterday a few pressers and figgersmen are at work and the kilnmen will thus get an early start. For several weeks prior to the loaf there had been a shortage of ball clay and two plants had to close down on this account. Quite a number of cars of ball clay have been received and during the loaf a number of claymakers were at work to get enough clay ahead for a start. The delay in receiving the clay cars is said to have been caused by congestion of traffic, but as conditions are not near so bad now as last year's very little complaint is heard.

Japan has started her first shipment of exhibits to St. Louis for the world's fair. This information was conveyed to the exposition authorities in a letter from K. Sagawa, who has been appointed director of exhibits by the Japanese government. Mr. Sagawa will leave Japan early in January and will personally receive and direct the placing of exhibits from this country. He states this government will send 40 young men to assist in the installation of exhibits and to remain in charge of them during the term of the exposition. Mr. Sagawa says Japan will make a more complete display of that wonderful country's resources and progress than it has ever made at any previous exposition.

### JAMES CANNON HERE.

James Cannon, one of the most successful pottery managers of this district, has been the guest of his brother, Thomas Cannon, kiln fireman at the Dresden plant, for several days. Mr. Cannon has been connected with the Riverside pottery, Wheeling, for a number of years. Mr. Cannon has kept pace with the progress of the potting industry and is recognized as

one of the best equipped managers in the business.

### WANTS ANOTHER JOB.

Wes Fleming, a well known local pottery worker, whose experience at the Cameron plant was published in yesterday's News Review, will remain here for a few days, or until he finds employment. There are fewer East Liverpool operatives at the Cameron plant than at any of the other new ones, and if Fleming's statements are true the present conditions will not stimulate emigration.

### AN AKRON VISITOR.

John Tracy, well known in this city, returned to Akron yesterday after spending a few days here with relatives. Mr. Tracy is employed at the Akron China company plant as a sagger maker and reports the plant has been experiencing a fairly prosperous season.

### SNOW AND BAD LUCK

Make the Winter Work of the Rural Carriers Very Difficult.

Salineville, December 29.—(Special.)—Rural Free Delivery Carrier J. S. McSwiggen, who travels route No. 2 west of Salineville, met with a number of accidents Saturday while making his trip. Snow drifts and the accidents made the day an eventful one. Bad luck followed him all day and when he arrived at the office here he was willing to give up his job. The icy condition of the roads made it dangerous to travel in a wagon, and his horse pulled a shoe and snow drifts were piled wagon top high in several places. Sunday the trustees of the districts were out and cleared the road for the carrier.

J. W. Manning, who travels east of town, did not have so much bad luck, but his route was badly drifted. He uses two horses on his wagon, which makes it much better. His route was very icy and drifted badly, but he made the trip all right, though he notified a trustee of a number of places where drifts were too high to pass over. The life of a rural carrier is not at all pleasant in winter.

### BANK OFFICERS

Chosen for the New Institution About to Open in Salineville.

Salineville, December 29.—(Special.)—At a meeting of the stockholders of the People's Banking company the following persons were chosen directors of the institution: Levi Van Fossen, Frank Humphrey, J. Scott Thompson, H. E. Blazer, W. J. Binsley, E. E. Black, H. B. Clark, L. Lange and James H. Dodds. The meeting was very lively throughout and the spirit of the stockholders plainly showed that they were intensely interested in the new bank.

The directors met and selected the following officers: James H. Dodds, president; W. J. Binsley, vice president; H. E. Blazer, cashier; John S. McClain, assistant cashier; H. E. Blazer, E. E. Black and Frank Humphrey, finance committee. The bank will open its doors to the public some time during the first week in January.

### Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists.

### SALINEVILLE

Salineville, December 29.—The mines have been idle since last Thursday and from prospects now there will be little work this week. The holiday season seems to have had its effect on the coal trade as well as the men.

A mass meeting of the miners will be held soon to elect delegates to attend the national convention of the United Mine Workers of America, to be held next week.

William Hackett, contractor on the C. & P., has moved his teams, wagons and other effects to Wellsview, where he will be engaged widening for the double track.

Rural Carrier John W. Manning, who has traveled route No. 1 east of Salineville since it started last February, has sent in his resignation to the department. It is expected that an examiner will be here soon to examine applicants for the position. His resignation will take effect January 1st.

### MORE LABOR UNIONS.

Alleged Attempt at Suppression Has an Opposite Effect.

Albany, N. Y., Dec. 29.—Despite the fact that there has been alleged concentrated effort to discourage trade unionism, the New York state department of labor in its bulletin for the quarter ending Oct. 1 reports a great increase in membership and in unions established. The bulletin says:

"At the end of September the bureau of labor statistics registered 2,587 trade unions in this state, this being an increase of 225 over the number six months previous. The total membership was 395,736, an increase of 38,634. New York city gained 24,361 or 11.3 per cent in membership. The principal increases were in the building and transport trades, while the clothing trades lost 4,065 members."

"The volume of immigration at the port of New York continues to swell beyond the record-breaking figures of last year. In July, August and September 129,809 steerage passengers landed in New York, as against 103,800 in the same months of 1902."

### HAVE TWO GOVERNMENTS.

Another General Ambitious to Rule San Domingo.

San Domingo, Dec. 29.—It is reported that General Gellier has formed a provisional government at Azua de Compostella, presided over by himself, and that the inhabitants of Barahona have joined in the movement and that the two forces are jointly marching on this city. Consequently there are now two provincial governments in the republic.

The German warships left for Kingston, Jamaica. The United States gunboat Newport is the only war vessel here and owing to her small crew she cannot restore order if a serious outbreak occurs. The situation demands the presence of more warships.

### Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one of the delicate organs gradually grows more and more weak, until finally it is diseased. Here a great mistake is made. That of treating the disease as an organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

### Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tendon and fiber throughout every organ of the body, and by Nature's law of health, full strength and vigor is soon restored to each stomach disorder.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me.

#### EAST END AFFAIRS.

W. C. McGrain, of Beaver Falls, is visiting friends in the East End. Blanche, the young daughter of Mrs. Andrew Rogers, is ill with chicken-pox.

James Moats has moved from Erie street to the Neiminger property on Mulberry street.

Grover Burchett, of St. George street, who has been ill for some time, is not improving.

Mrs. Thomas Hendershot, of St. George street, who has been on the sick list, is gaining strength.

Attorney James E. Davis, who has been at his former home in Calcutta, enjoying a hunting trip, is expected home today.

The many friends of John Arnold, superintendent of the flint mill, will be pleased to learn of his recovery from a bad attack of pleurisy.

Charles and Frank Finney, who left yesterday on a hunting trip in Pennsylvania, were called home later in the day on account of the serious illness of Mrs. Charles Finney.

Lee McCormick and Byron Hailes have returned from visiting points of interest in Pennsylvania. Both will leave in a few days for Sebring, where they will take positions in the Sebring pottery.

James Hays, who met with an acci-

dent at Beaver recently and was taken to the West Penn. hospital, Pittsburgh, was visited by his brother John, of Pennsylvania avenue, who reports that he is getting along nicely.

### COUNTY AND NEIGHBORHOOD

E. M. Welch, a shoe dealer of Lisbon, has assigned to C. B. Kenty, who gave \$5,000 bail.

A remarkable family picture was taken in Steubenville. It included Mr. and Mrs. Robert Andrew Warren, of Knoxville and their 11 children.

W. D. Wallace, Erie station agent at Lisbon, has resigned and Frank Fox, formerly of Lisbon, who has been at Youngstown and Girard, will take his place.

A Union Pacific engine, built at Altoona, was so large that it could not pass through the Panhandle tunnels west of Steubenville and had to be sent around another way.

Sherwood Woodson was probably fatally shot at Youngstown by William Johnson. Their trouble started Christmas night, when Johnson went to a dance and was thrown out by Woodson.

Destitute and insane, with no company but a parrot, Mrs. Westbrook, aged 60, was found in her miserable home at Janesville and taken to Steubenville jail, with a view of sending her to an asylum.

Samuel Mick, of Madison township, whose funeral occurred at Yellow Creek Presbyterian church Saturday, was 75 years of age, and in early times was extensively engaged in freighting by wagon.

John Johnson, aged 12 years, son of Matthew Johnson, who resides on Brook's Run, a few miles west of Belaire, was stabbed dangerously by Fred Ward, aged 8 years, of St. Clairsville, who was a visitor at the Johnson home.

#### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

### New York's "Diamond Rooms."

Only men and women who want to purchase an expensive set of jewels, say \$10,000 worth or upward, get a glimpse of the "diamond rooms," as they are called, in the big New York jewelers' shops. Gems worth less than that usually are kept in show cases and examined in trays at the counters. But if a customer wants to make a large purchase—a diamond necklace with a pearl pendant worth from \$40,000 to \$50,000, for instance—he is shown into a parlor where he can examine the jewels more at his leisure and see the salesman weigh them on the most carefully balanced scales. These parlors, as a rule are luxuriously but simply furnished and are convenient to the safes. It is not an unusual thing during the holiday season for a salesman in a well established store to make three or four sales a day ranging from \$12,000 to \$30,000.—New York Press.

### Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or dripping ear, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases of deafness are caused by catarrh, which is nothing but an inflamed condition of the mucous lining.

No Valuables Found on Bodies

Taken from Pere Marquette Wreck.

### WATCHES AND MONEY ARE GONE

Sums Ranging from \$100 Down Missing from Clothing of the Dead—

Sheriff Blames Ghouls for Shameful Acts—Twentieth Body Found.

Grand Rapids, Mich., Dec. 29.—Gathered in a rubber blanket on a slab in the morgue was charred and dismembered remains of the twentieth victim of the collision on the Pere Marquette railroad near East Paris. So terrible disfigured is this last victim found at the scene of the wreck late that in all probability its identity will never be positively effected.

The coroners believe the body is that of a woman, but the railroad authorities say it must have been a tramp riding on the "blind baggage" car, as no woman passenger could, in their opinion, have been thrown where this body was found. It was the unmistakable odor of burned flesh that led the wrecking crew to a realization of the fact that another body lay under the wrecked engines where Engineer Stoddard and Fireman Buras of the eastbound train were found. When they had uncovered the remains of this additional victim they found only fragments of the skull and large bones, some teeth and most of the internal organs intact, but literally roasted.

Despite the extreme precautions and watchfulness of the Pere Marquette railroad officials and county officers, it is now believed that many acts of vandalism were committed at the wreck near East Paris and that ghouls despoiled the bodies of the dead. Coroner Killiker stated that nothing of any value was found when he searched the bodies and that he is satisfied that ghouls robbed the remains either while they were in the wreck or were being carried into baggage cars to be brought to this city. Relatives of Lon J. Baldwin declare he had between \$50 and \$60 in his possession when he left this city with his wife and son, yet not so much as a nickel was found in his clothing.

It is believed by relatives of Bert Myers, of Lake Odessa, that his body was robbed of \$100 and a watch and chain. Mrs. L. J. Baldwin is known to have had \$20 in her possession when she left Grand Rapids. Sums of money ranging from \$10 up to \$50 are missing from bodies of victims who are known to have been carrying money.

Sheriff Chapman says a gang of men was fought off the relief train when it left Grand Rapids, but the sheriff believes these men managed to get back on board the train unnoticed.

### INSANITY SAVES TOBIN.

Man Who Butchered Captain Craft Mentally Irresponsible.

Albany, N. Y., Dec. 29.—Thomas Tobin, who killed Captain Craft in a Tenderloin resort in New York city about a year ago, has been declared insane. The governor probably will commute the sentence of death passed on Tobin.

Craft went to a place in the Tenderloin of which Tobin was manager and displayed a roll of bills. He was robbed and murdered. His slayer cut the head from the body and tried to burn it in a furnace. It was the smoke from the furnace and the smell of burning flesh that led to the discovery of the crime. Tobin was arrested and convicted of murder in the first degree. Craft was killed for a sum less than \$50.

### CONVICT SHOT TO DEATH.

Prisoner in Ohio State Penitentiary Attacks Guard.

Columbus, O., Dec. 29.—William Dally, a prisoner from Seneca county, serving 20 years for manslaughter, was shot and killed by Guard J. W. Creiger, of Darke county, in the "state" shop at the Ohio penitentiary. The shooting was in self-defense, it is said.

Dally had been unruly and had just been released from solitary confinement. He approached the guard, flourishing a pair of shears, saying, "I will fix you." The guard was caught in his hand, and being unable to retreat, drew a revolver and shot the prisoner through the heart.

### TUGS RELEASED FROM THEIR PERILOUS SITUATION.

Cleveland, Dec. 29.—Two tugs which were imprisoned in heavy ice two miles from shore in Lake Erie all day, with 12 men, have been released. The powerful harbor tug Frank W., after many hours of ramming against the thick ice, finally cut a channel through to the boats.

### What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin H. #### COUNTY AND NEIGHBORHOOD

E. M. Welch, a shoe dealer of Lisbon, has assigned to C. B. Kenty, who gave \$5,000 bail.

A remarkable family picture was taken in Steubenville. It included Mr. and Mrs. Robert Andrew Warren, of Knoxville and their 11 children.

W. D. Wallace, Erie station agent at Lisbon, has resigned and Frank Fox, formerly of Lisbon, who has been at Youngstown and Girard, will take his place.

A Union Pacific engine, built at Altoona, was so large that it could not pass through the Panhandle tunnels west of Steubenville and had to be sent around another way.

Sherwood Woodson was fatally shot at Youngstown by William Johnson. Their trouble started Christmas night, when Johnson went to a dance and was thrown out by Woodson.

Destitute and insane, with no company but a parrot, Mrs. Westbrook, aged 60, was found in her miserable home at Janetown and taken to Steubenville jail, with a view of sending her to an asylum.

Samuel Mick, of Madison township, whose funeral occurred at Yellow Creek Presbyterian church Saturday, was 75 years of age, and in early times was extensively engaged in freighting by wagon.

John Johnson, aged 12 years, son of Matthew Johnson, who resides on Brook's Run, a few miles west of Bellaire, was stabbed dangerously by Fred Ward, aged 8 years, of St. Clairsville, who was a visitor at the Johnson home.

##### A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. #### New York's "Diamond Rooms."

Only men and women who want to purchase an expensive set of jewels, say \$10,000 worth or upward, get a glimpse of the "diamond rooms," as they are called, in the big New York jewelers' shops. Gems worth less than that usually are kept in show cases and examined in trays at the counters. But if a customer wants to make a large purchase—a diamond necklace with pearl pendant worth from \$40,000 to \$50,000, for instance—he is shown into a parlor where he can examine the jewels more at his leisure and see the salesman weigh them on the most carefully balanced scales. These parlors are a rule are luxuriously but simply furnished and are convenient to the safes. It is not an unusual thing during the holiday season for a salesman in a well established store to make three or four sales a day ranging from \$12,000 to \$30,000.—New York Press.

TRADE PRINTING

TRADES (UNION) COUNCIL

E. LIVERPOOL, OHIO

TUESDAY, DECEMBER 29, 1903.

The assertion made by a prominent

trade journal that there are now

enough potteries in this country to

supply the demand for American

crockery ought to give pause to the

zealous promoters of new pottery

projects with a bonus attachment. The

bonus idea sometimes works out well

in practice; oftener it does not. If

those who embark in such schemes

would first take the trouble to consult

East Liverpool manufacturers they

would doubtless receive information

that might prevent rash investments

and ultimate loss. Certain it is that

the manufacture of pottery can never

succeed so well in country towns as

in a center like this city, where it

has long been established and where

the services of men experienced in the

business are at all times available.

Most people are aware that the

United States navy is a good and

efficient one. True, they might not have

found it out so soon but for the

achievements of Dewey, Sampson and

Schley. But not every one will be pre-

pared for the statement of Senator

Hale, chairman of the committee on

naval affairs, that when the additions

already authorized are completed, the

United States will have a more power-

ful navy than any other nation, except

Great Britain. We are certainly mov-

ing along. A great navy, however use-

ful in war, is far more valuable for its

services as a promoter of peace. Even

the most narrow-minded economists

acknowledge that the money expended

for the navy is well spent.

"The development of West Vir-

ginia's resources, instead of fostering

popular education, is having the oppo-

site effect," declares the Mannington

Record. "This is shown by the many

closed school houses in the coal and

oil producing counties. The demand

for teachers can't be satisfied because the salaries offered them are insufficient in comparison with the money they can earn in new occupations afforded by changed industrial conditions." The same conditions prevail to some extent in Ohio. What is the remedy? Certainly the state cannot afford to discourage industrial development. It can and must meet the changed conditions by paying its teachers what they earn. The day when the services of a competent teacher is worth no more than \$30 a month to the district in which he labors has gone by. His is not a gainful occupation, but nobody can blame him for not sticking to a line of work in which he can look only for starvation wages.

The icy streets and sidewalks demand attention. People are being hurt on them every day. Yet a little precaution and care would render pedestrianism safe and prevent broken bones and doctors' bills. If there is a more effective remedy than that which the News Review has suggested—the scattering of "grog" on slippery places—let us have it. If not, let us have the "grog." In any event the authorities should act at once, and curtail the accident record.

The Washington Star, referring to the Cincinnati Enquirer's booms of several prospective Democratic candidates for the presidency, asks, "In the mood of a famous Puritan maiden, 'Why don't you speak for yourself, John?' Probably John is aware of the fact, patent to everybody else, that it would be of no use.

William J. Bryan, after touring Europe asserts that he has found "good Americans, and Republicans, too, who honor their country in diplomatic and consular positions." If it was necessary for him to go abroad to learn that much his intellectual capacity has certainly been overrated.

Ohio Republicans will hold their state convention in May. There will be county primaries and district conventions earlier. The game of politics is likely to be on the boards almost continuously during the coming year.

The department of agriculture estimates the value of the 1903 farm crops in this country at something over two and a half billion dollars. Tom Reed was right when he remarked that this is a billion dollar country.

Although the republic of San Domingo has two governments and the prospect of another, nobody but an insurrectionist is likely to argue that its people are too much governed.

The Ohio general assembly will soon be in operation. Let us hope it will not make so many mistakes this year that a special session will be necessary to rectify them.

Though the New Year starts on Friday, it all depends upon yourself whether it shall begin well or ill.

Why don't the anarchists flock to San Domingo? Almost ideal anarchistic conditions prevail there.

"What cannot be cured must be endured" does not apply to slippery sidewalks. They can be cured.

## OBITUARY

Mrs. A. J. Hays.

Mrs. A. J. Hays, of New Waterford, succumbed yesterday to an operation which followed a severe case of diphtheria from which Mrs. Hays had suffered. She had been ill for a period of three weeks. Mrs. Hays was a daughter of Mr. and Mrs. Thomas Hays, of Pennsylvania avenue, and had a large circle of relatives and acquaintances in the East End, many of whom are in attendance at the funeral which takes place from her home. John Goddard.

John Goddard, aged 84 years, a resident of New Brighton, died at his home there yesterday afternoon at 1 o'clock, from the infirmities of age, after an illness of several weeks. The funeral services will be held tomorrow afternoon at 2:30 o'clock. Mr. Gordon, before retiring from active life, was a well known merchant. He was reared near Hookstown and was extensively acquainted in this section, having quite a number of relatives here and in Chester.

## AT THE THEATER

"East Lynne" was presented at the Grand last evening under difficulties. Miss Cramer, "Barbara Hare," was ill in Pittsburgh and was unable to come on. Miss Blanche Braun, of Pittsburgh, took her place at short notice and filled the role acceptably. The rest of the cast was well sustained. Bert Phillips, as Lord Mount Severn, has many friends here, being a former resident of Wellsville. He is an actor of ability. Bert Jones, the "Richard," is also well known here, having played here as a member of the Homestead ball team. Miss Leazure, known on the stage as Mars, who played the part of Isabel, is well acquainted here, and was entertained yesterday by some of her friends.

That which is new and novel in the vaudeville world will be offered the theatre-goers Wednesday night at the Grand by the "Princess of Entertainers," the "Great Lafayette." Few presentations are as complete as his offering. "Krishna, the Divine," which has thrilled audiences on both sides of the Atlantic. This number, which requires the services of nearly sixty people in addition to a full grown forest-bred lion and half a dozen horses, is but one of the novelties provided. The latest is possibly the Coronation ceremony, in which the "Great Lafayette" assumes the roles of King Edward VII, Queen Alexandria and the Bishop of Canterbury.

The attraction at the Grand next Friday evening will be those well recognized and brilliant stars, William Bonelli and Rose Stahl, in their superb production of the great Berlin success, "A Man of the World," which has not been previously seen in this country. Mr. Bonelli and Miss Stahl are artists of the higher class. Each has won undoubted honors in their chosen profession, and when acting together as co-stars, they appear to their very best advantage.

A miser, who has defrauded the widow and children of his dead partner, and his rascally nephew, the district attorney, are two of the characters in the new scenic heart interest melodrama, "When Women Love," to be given next Saturday evening at the Grand opera house. The nephew, to accomplish his ends, commits murder and is dramatically denounced through the agency of a phonograph, when he seems to be safe from justice.

Hol Reid's best comedy drama, "A Homespun Heart." A competent cast, realistic effects. A play that will live forever. A true story of farm life. At the Grand tonight.

## NEW C. & P. AIRLINE NEARLY COMPLETED

Twelve Miles Between Ravenna and Hudson Without a Single Curve.

Ravenna, December 29.—It is given out that work on the grade for the new Cleveland and Pittsburgh air line between Ravenna and Hudson will be completed by February 1. The worst obstacle encountered in the work, which has been prosecuted continuously day and night for nearly two years, was the fill at the big Cutler swamp, near Ravenna, in which hundreds of thousands of cubic feet of earth were swallowed up before any visible impression was made on the miry slough.

The laying of steel for the double track along the old line south from Ravenna to Alliance is now in progress. There is not a single curve in the 12 miles between Ravenna and Hudson. The grade crossing of that road and the Erie at Brady's Lake will be a thing of the past in another week, the new Cleveland and Pittsburgh line passing under the latter. To bring this about it was necessary to raise the roadbed of the Erie six feet for a distance of over a mile.

## FRIENDS AND VISITORS

R. W. Bell returned this morning from an eastern trip.

Miss Ethel Roberts, of Third street, left today for Pittsburgh, to visit Albert Roberts, her uncle.

E. J. Owen, proprietor of the Miner-va pottery, returned to that town this morning after a visit here.

H. Harvey has returned home to Wilkinsburg, Pa., after spending Christmas with friends here.

J. W. Davis, traveling salesman for a wholesale liquor house, left this morning for a business trip west.

Harvey O. Allison, manager of the Potters Herald, has returned from a visit with friends at Salineville.

Ralph Dawson returned to Columbus yesterday to resume his medical work at Sterling Medical university.

W. J. Anderson, of East Fourth street, left Monday afternoon for a three months' trip through California.

Secretary Ed. Menge, of the N. B. of O. P., who spent Christmas with Wheeling relatives, returned home yesterday.

William Fitzgerald, who has been ill with fever at his home on Fifth street, was able to be out yesterday for the first time.

Mrs. Anna Bullock and grandson, Thomas Faulk, of College street, are expected home today from a visit with relatives at Costonia.

C. C. Smith, of the Northside, was painfully hurt last evening by falling on the icy pavement near the corner of Second and Market streets.

Garfield Adams, who resides on a farm south of Salineville, was in the city yesterday. Mr. Adams expects to engage extensively in the poultry business next spring.

L. Sterling Newell, who spent Christmas with relatives in this city, will return on Friday to Harvard college, where he is a student this year in the Sophomore class.

J. C. McQuilkin, the local undertaker, left town at midnight, called to Summitville by the critical illness of his sister, Mrs. R. M. Hull. The message announced that the lady was not expected to survive the night.

Gordon Brick returned today from Mineral Sliding, where he spent Christmas with relatives. The young man enjoyed his trip hugely. It had been some time since he visited the scenes of his boyhood and reports many changes in the old town.

W. B. McClellan, deputy supreme chief of the Tribe of Ben Hur, attended the meeting of Crockery City Court, No. 111, last evening. Mr. McClellan was formerly proprietor of a hotel at Massillon, but recently disposed of it to become one of the traveling organizers of the order.

Mayor Warns a Familiar Offender That He Must Leave the City.

Joe McKee, who is a familiar figure in police court, was before Mayor Fogo this morning. He has been in the city jail for several days nursing a foot which he claims was burned by some companions as a joke. He was arrested for drunkenness. Mayor Fogo told him that he would have to get out and that the city could not take care of him any longer. He threatened to send McKee either to the workhouse or the infirmary.

Joe said he would try to make it alone for a while. At last spring's election Joe came within several votes of being elected constable.

## SAYS SHE WAS STRUCK

Miss Lottie Hood Swears Out a Warrant for Mrs. Keller's Arrest.

Mrs. Lottie Hood came to the city hall today with her 14-year-old son, Lawrence, and swore out a warrant for the arrest of Mrs. Mute Keller for assault and battery. Both parties live in the West End near the brick works. Mrs. Hood alleges that Mrs. Keller in a fit of anger struck the Hood boy on the head and badly injured him. This happened yesterday.

Mrs. Keller will be given a hearing before Mayor Fogo later.

## C. &amp; P. Inspection.

The new officials of the C. & P. are now engaged in making a tour of inspection over the lines of this division. Superintendent Hamilton and staff are expected to reach this city this evening, making the trip from Cleveland in a special train. They will remain in Wellsville over night and go over the river division in the morning, returning here and continuing to Pittsburgh later. The tour is made in order to familiarize the new management with the conditions and needs of the road.

## Shantyboat Residents Arrested.

William Cobb, a colored man, and a young woman giving her name as Kittle Ford were arrested by the local police Sunday in a shanty boat along the river and charged with unlawfully living together. Cobb's home is in Wellsville and the Ford woman is said to have come from East Liverpool, where she has a husband. They were to appear before the mayor for a hearing later.

## Friars' Club Ball.

The Friars club of Wellsville, is making preparations for one of the important events of its existence to-night, when their big ball is to be held in the city hall. The ball room has been prettily decorated in the club colors and greens for the occasion. Nearly 200 invitations have been issued. Tomorrow night the Maskers hold their mask ball in the same place.

## Board Meetings.

The board of public service met late this forenoon in regular weekly meeting at the water works office. The chief business on hand was routine business, the signing of contracts already provided for and the voting of appropriations for current expenses. A meeting of the board of water works trustees was held last night in the same place, but Clerk Sinclair stated that no business was transacted.

OLD TROUBLES  
OF BALL TEAM

ATTEMPT TO REVIVE \$100 JUDGMENT AGAINST THE ECLIPSE.

It Was Secured Ten Years Ago And Has Lain Dormant—Case Now Revived.

An effort was made last May by attorneys representing J. E. Deidrick to revive a judgment for \$100 rendered for Deidrick 10 years ago against the management of the Eclipse base ball club. The action was brought in the court of Justice McLane by H. E. Grosshans in behalf of Billingsley, Clark & DeFord, attorneys for Deidrick. At that time Justice McLane issued a conditional order, declaring unless the defendants showed reason why the order should not be made absolute, that such would be the finding of the court. The parties to the suit were in McLane's court this morning and nearly the entire forenoon was devoted to the case.

The action is a peculiar one and its early history is thoroughly familiar to the older residents, or those of them who were interested in base ball at the time the Eclipse held the championship of this entire district. The affairs of the team became muddled about the time G. Y. Travis and W. A. Calhoun took charge, and in spite of their efforts the creditors pushed the organization with many suits. Among others was J. C. Deidrick, who received a judgment in the court of Justice Jethro Manley for \$100, which, with the accumulated interest now amounts to over \$170.

According to the law, when the party in whose favor judgment is rendered fails to have an execution served for a period of five years, the judgment becomes dormant, and it is necessary to have it revived by regular process of law. This Deidrick's attorneys are endeavoring to do.

At the time Deidrick received the verdict it is said none of the defendants were responsible, and collection could not be made. It is now thought the money can be secured provided the effort to revive the judgment should be successful. Attorneys Travis and MacCall are resisting the attempt.

## Whistling For Wind.

No sooner had we rounded the cape than the wind dropped and we nearly came to a standstill. Our "kamudi"—i. e., captain and steersman—did the best he could do for us, but in vain. We were doomed to drift about some hours without much progress. He would whistle softly and enticingly or would change his tone and with pouted lips whistle angrily and viciously for the wind that would not come to help us on. I have often wondered what can have been the origin of whistling for the wind. That the custom is of undoubted practical utility is the firm belief of many races of seafarers, from the English sea captain to the humble Malay kamudi. I was on one occasion very roughly spoken to by a captain in the Irish channel for casually whistling in a gale of wind. He thought it a piece of gross carelessness on my part which might lead to serious consequences. Here in Celebes, too, I was warned to be careful not to laugh when the kamudi screwed his face up into an intensely ludicrous expression of feigned passion and whistled angrily for the wind to come, for the Malay seaman's belief in the efficacy of this mode of raising the wind is a serious one and will not brook being made an object of derision. Soon after midnight a favorable breeze sprang up, and by sunrise we were passing the little islands of Ganga and Tindela.—Sidney J. Hickson in "A Naturalist in North Celebes."

## Shouted as Loud as LI.

There was much rudeness in Li Hung Chang's manner, but if he was answered back in his own coin he melted into graciousness. Once a junior member of a British consulate was sent to interview the viceroy on some matter. In the vast audience hall he found no one to receive him, so he took a chair near the door. Eventually Li and his following appeared at the other end of the hall on some lofty seats, and the viceroy started shouting to him in the difficult Anhui accent. To the utter dumfounding of every one present, contrary to all principles of Chinese etiquette, the young Englishman shouted back his answer in the same loud, rough voice as far as he could imitate it in which Li had spoken to him. Every one in the suit was stricken with horror. Even Li started and spoke lower. Gradually the conversation assumed a convenient tone, and after a bit Li, with a humorous smile, beckoned the young man to come up higher and sit down beside him. They soon became excellent friends.—London Men and Women.

## PRELIMINARY GAME BEFORE BIG EVENT

Nationals And Juniors Will Play Two 15-Minute Halves at Pavilion Tonight.

According to Cleveland papers the Franklin Athletic club, which is to play the local basketball five tonight and tomorrow night, was easily beaten Saturday evening at Sandusky by a score of 32 to 20. The Sandusky team this year is one of the best in the state.

As a preliminary to the big game tonight the Juniors and Nationals will play two 15-minute halves, commencing at 8 o'clock. The lineup will be: Juniors—Hamill and Watkins, forwards; Manley, center; Geon and Gibbins, guards.

Nationals—Cartwright and Tyson, forwards; Stuckgraf, center; Carnes and Wells, guards.

## ELKS REORGANIZE

Base Ball Team of the Lodge Selects New Captain And Manager And Discuss Coming Season.

The Elks' base ball team proposes to have a more active season the coming summer than ever before and will play all the lodge teams in this vicinity. At a meeting of the club held recently John Carne was elected manager and Percy Baxter captain, and matters pertaining to the coming season were discussed.

Some of the best ball players of the city are members of the lodge and the team will be a strong one.

## WANT A GAME WITH ROSCOE.

The Homer Laughlin association foot ball team has been trying to arrange a New Year's day game with the Roscoe team and is expecting a definite answer in time to complete the details should Roscoe decide to come. The teams have met once this season, the game resulting in a tie.

## SPORTING MISCELLANY.

It is said Joe Corbett will pitch for St. Louis next year.

It is more than likely that the cast will be the scene of the heavyweight battle between Tom Sharkey and Jack Munroe, which is scheduled to take place some time before March 1.

The Brooklyn base ball club is likely to be reorganized before the next playing season, and in the process of the change President Ebbetts and possibly Manager Hanlon may lose their places.

## BRIGHT'S DISEASE AND DIABETES NEWS

San Francisco, Dec. 19, 1903.

To the People of Ohio:

As San Francisco druggists personally acquainted with the facts we are asked to certify to you the curability of chronic Bright's Disease and Diabetes, and however unreasonable it may seem to you, yet such is the fact. Up to a year ago we never heard of a genuine case of chronic Bright's Disease or Diabetes recovering. Now it is a common occurrence in this city. A great discovery has undoubtedly been made. Many prominent people here have recovered and every one of us whose names are appended hereto have either had recoveries among our customers or have genuine chronic cases now recovering. And the percentage of efficiency seems to be very high, for there are very few failures.

# PRECEDENT BROKEN.

Governor Pennypacker Tells Why He Pardons Two Boys.

Harrisburg, Dec. 29.—Governor Pennypacker has filed a written statement giving his reasons for approving the recommendations of the board of pardons at its recent meeting for a pardon for two Blair county boys, Smith and Sigler, who were convicted of larceny in York county.

The governor states that he believes the youths committed the crime because of adversity, as their previous reputation showed them to be industrious and honest. He thinks they have been sufficiently punished and advises them to lead upright lives in the future. This is a new departure and it has not been the custom for the governor to assign his reasons for granting a pardon.

## SHOT AT FLEEING GUESTS.

Cocaine-Eating Negro Kills One Man and Wounds Others.

Washington, Pa., Dec. 29.—As a result of a brawl at Westland, 12 miles north of this place, one man is dead and two are seriously injured. The man who did the shooting is Joseph Chapman, a negro, who is thought to be in hiding in Pittsburgh.

Richard Holmes, aged 23, was shot in the abdomen and died in a few hours. D. G. Wilkinson, engineer of the Midland mines of the Pittsburgh coal company, was shot in the breast, and an Italian through the hips. The trouble occurred at a dance at Chapman's house.

## SECRETARY HAY'S AILMENT REQUIRES Milder CLIMATE.

Washington, Dec. 29.—The condition of Secretary Hay remains unchanged. The secretary's bronchial trouble has not yielded readily to treatment and Mr. Hay will probably leave Washington early in January for Thomasville, Ga., for a visit to Colonel Oliver Payne. The mild climate there has helped the secretary before and it is hoped it may again effect a cure.

## VICTIM IN FATAL FIGHT IS QUICKLY AVENGED.

Harrisburg, Dec. 29.—Jacob Meyers, a huckster, was fatally stabbed by Joseph Curry, an Italian laborer in a quarrel in a hotel at Duncannon. After the stabbing Curry was chased by a posse of citizens and to escape them he jumped into the river. The swift water carried him under and he was drowned.

## Children Saw Double Crime.

Sarnia, Ont., Dec. 29.—Joseph Boyd, track walker, shot and killed his wife in the presence of their three little children and then killed himself with the same revolver.

## RECENT DEATHS.

New York, Dec. 28.—F. N. R. Martinez, the music and art critic of The World, is dead after a month's illness from paralysis.

Windsor, Vt., Dec. 28.—Helen W. Everts, relict of the late William M. Everts of New York, is dead at her country home here in her 84th year.

New York, Dec. 29.—Mrs. Alexander McDonald, wife of Alexander McDonald of the Standard Oil company, died suddenly at the Waldorf-Astoria last night.

Greensburg, Pa., Dec. 29.—The Rev. W. F. Ulery, D. D., one of the best known Lutheran ministers in the western part of the state, is dead here of paralysis, aged 75 years.

Indianapolis, Dec. 28.—George J. Laugdale, father-in-law of Senator Albert J. Beveridge, is dead. He was until recently auditor of the Indianapolis postoffice. For 20 years he edited a Republican paper at Greencastle, Ind.

Greenville, Pa., Dec. 29.—The Rev. Dr. Jeremiah Brittain, aged 64 years, for 22 years pastor of the Greenville United Presbyterian church, is dead at Newark, N. J., from nervous trouble. The remains were brought here for interment.

Washington, Dec. 29.—Colonel Henry L. Thomas, for 34 years translator in the state department, is dead, aged 68 years. Mr. Thomas spoke and translated French, Spanish, Italian, German, Norwegian, Danish, Dutch, Portuguese, Hebrew, Arabic and Greek.

London, Dec. 29.—Sir William Allan, the well-known marine engineer, ship owner and member of the parliament for Gateshead since 1893, is dead. He was born Nov. 29, 1837. He was chief engineer of a blockade runner during the Civil war in the United States. He was captured, lodged in the Old Capital prison and eventually paroled.

## OUR NAVY WILL OUTGROW ALL EXCEPT ENGLAND'S

Washington, Dec. 29.—It is the intention to make provision for another liberal addition to the navy during the present session of congress. When the additions already authorized are completed the United States will have a more powerful navy than any other nation except Great Britain.

# IN A HOSTILE HARBOR

Admiral Coghlan With Olympia Goes to Colombian Port After Beaupre.

Colon, Dec. 29.—Admiral Coghlan's flagship, the cruiser Olympia, has arrived here from Cartagena, bringing A. M. Beaupre, United States minister to Colombia and Mrs. Beaupre. The reception of the Olympia at Cartagena was friendly. As the Olympia ran into the harbor entrance she described the Colombian cruiser Cartagena making every effort to pass into the lagoon ahead of the Olympia, which she succeeded in doing.

The Olympia found the Colombian cruiser had taken up a position a short distance inside, but commanding the entrance. It was learned subsequently that the Cartagena had grounded there and that later she was towed into port. The Olympia proceeded to Cartagena, which is eight miles from the entrance.

Anchoring, the Olympia hoisted the Colombian flag and fired a salute. Shortly thereafter a Colombian battery returned it.

Admiral Coghlan had an official visit to Dr. Jose Insuarez, the governor of Bolivar, accompanied by Captain Colby.

The officers were in no way molested by the crowd. The Colombian battery fired a rear admiral salute as Admiral Coghlan pulled off for the Olympia.

Governor Insuarez, accompanied by a numerous retinue, boarded the Olympia for the return visit and remained for 15 minutes. When the governor and his retinue were disembarking the Olympia fired a governor's salute and sailed for Colon.

## Visitors Treated Courteously.

While Admiral Coghlan and other Americans were treated courteously, and while their visit was not marked by an unpleasant incident, it was evident that the authorities at Cartagena were very glad to see the Olympia and were very glad when she took her departure. Admiral Coghlan was careful to leave at the soonest possible moment.

No political references were made during the interviews, except by the chief of the Cartagena customs, who, while aboard the Olympia, proposed with great earnestness a toast to the continuance of the friendly relations between the United States and Colombia.

At Cartagena there are probably 3,500 troops and 5,000 at Barranquilla. The government is slowly concentrating troops at Barranquilla and moving them toward Tumata. There are probably 1,200 Colombian soldiers at Tumata and vicinity and this number is gradually being increased.

Minister Beaupre had a good trip and was gratified to find the Olympia at Cartagena on his arrival. The Bogotan authorities extended every courtesy to the minister, who left Bogota in a special train and was carried down the river on a special steamer. He made the trip from Bogota to Cartagena in seven days.

Washington, Dec. 29.—Three alternatives are presented to the United States in the note regarding the Panama situation, which General Reyes, special representative of Colombia, has submitted to the state department. They are:

First—That the status existing prior to the revolution in the isthmus should be restored.

Second—That the United States should keep hands off while Colombia tries to whip Panama into submission again.

Third—That if the United States will accept neither of the preceding propositions, she should pay damages to Colombia for the injury inflicted through the loss of territory, and that the amount should be fixed through submission of the case to the arbitration of The Hague court.

No publication of the text of the Reyes note is expected until it is sent to congress in connection with other documents bearing on the Panama case. It is a lengthy communication and is based entirely on the Colombian interpretation of the treaty of 1846, and the duties devolved upon the United States in connection therewith.

Although Secretary Hay has not yet replied to the note of General Reyes, preparations are rapidly going on for the closing of the Colombian legation here, and the departure of Colombia's representatives for home. It is clear that they do not entertain very much hope of a satisfactory response by this government. Already most of the legation files have been packed and arrangements completed for placing them in storage here.

Margaret Moore, Guardian, vs. Mrs. Mary Quinn, et al.

Columbiana County, Court of Common Pleas. Order of sale in partition. Case No. 4000.

In pursuance of an order issued from the Court of Common Pleas within and for the County of Columbiana and State of Ohio, made at the September term thereof, A. D. 1903, and to me directed, I will offer for sale at public auction on the premises on Monday, February 1st, 1904, at 1 o'clock p. m. of said day, the following described real estate, to-wit:

Situated in the Township of Madison, County of Columbiana and State of Ohio, and known as and being the northwest quarter of Section Ten (10) in Township Ten (10) in Range Two (2), containing one hundred and sixty (160) acres more or less; and also, thirty (30) acres more or less of the south part of the southwest quarter of Section Three (3) in said township and range, abutting on the one hundred and sixty acre tract aforesaid. Said two tracts comprising the farm of one hundred and ninety (190) acres more or less, which was conveyed by Joseph Robinson and wife to Joseph Brown by deed dated December 23, 1831, and recorded January 19, 1839, in Vol. 21 at page 25 of the records of deeds of said County of Columbiana. But saving and excepting therefrom one-half (1/2) acre of land herebefore sold to "Madison Church" by deed recorded in Vol. 223 at page 284 of the records of said County of Columbiana.

Said premises have been appraised at nine thousand, five hundred dollars (\$9,500.00) and cannot sell for less than two-thirds of said appraisement.

Terms of sale—One-third cash on day of sale, one-third in one year, and one-third in two years, the deferred payments to bear interest from day of sale and to be secured by mortgage on the premises.

## AFTER WAR SUPPLIES

Japan Purchases Flour and Russia Meat in the United States.

## LARGE QUANTITIES ORDERED

China Distressed at Probability of War—Using Every Effort to Avert It—Would Allow Russia to Remain in Manchuria.

St. Paul, Minn., Dec. 29.—Within the past eight business days Minneapolis mills have booked almost 100,000 barrels of flour for Japan. For some time Japan has been a heavy buyer of American flour.

Kansas City, Mo., Dec. 29.—The Russian government has just placed an order with Armour & Co. of this city for a million and a half pounds of mess meat for immediate shipment to San Francisco. The order calls for the delivery of the meat at San Francisco by Jan. 22. The meat, it is said, is for the use of the Russian army and its destination is said to be Port Arthur.

San Francisco, Dec. 29.—Getz Bros. & Co. have contracted with the Russian government to supply 3,000,000 pounds of beef. Getz Bros. & Co. are making demands on all the big packers in the west, having already placed an order for 1,000,000 pounds with Cudahy & Co., to be delivered in San Francisco.

Tokio, Dec. 29.—An important joint meeting of the cabinet and privy council has been held to consider ways and means in view of the grave situation, but no difficulty is anticipated in providing for the extraordinary expenditure, including the completion of the Seoul-Fusan railway. Unless Russia modifies her reply, Japan will immediately safeguard Korea, though such a step will not necessarily mean war.

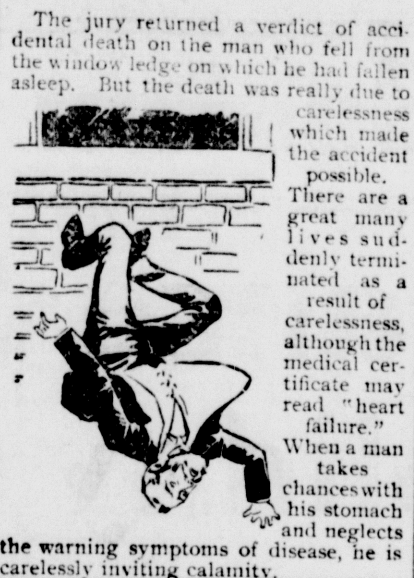

St. Petersburg, Dec. 29.—The consensus of unofficial opinion among those associated with the government, but not responsible for it, is that the czar is so peacefully disposed that he will make such concessions to Japan as are necessary to prevent war, provided that no unforeseen events force the hands of the government concerned.

Peking, Dec. 29.—Lien Fang, first secretary of the Chinese board of foreign affairs, visited Russian Minister Lessar and requested information concerning the intention of the Russian government regarding the evacuation of Manchuria.

Minister Lessar in reply said that nothing could be done at present with a view to evacuation for two reasons. In the first place, the cold weather made it impossible to remove the troops, besides which there were no barracks accommodations to be had elsewhere; and in the second place, it would endanger Russian interests to undertake evacuation during the progress of the negotiations between Russia and Japan, for the reason that Japan might seize the opportunity to invade Manchuria.

The Chinese government is so alarmed at the prospect of becoming involved in the seemingly prospective war that it would prefer that Russia should remain in control of Manchuria. As an alternative the foreign office has indicated to the ministers that

## ACCIDENTAL?

The jury returned a verdict of accidental death on the man who fell from the window ledge on which he had fallen asleep. But the death was really due to carelessness which made the accident possible.

There are a great many lives suddenly terminated as a result of carelessness, although the medical certificate may read "heart failure." When a man takes chances with his stomach and neglects the warning symptoms of disease, he is carelessly inviting calamity.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which makes strength. It stimulates the liver, cures biliousness, and removes bilious impurities from the blood.

"I had been troubled with a pain in lower part of my stomach for three years, so severe I thought it would kill me in time," writes Mr. Aaron Van Dam, of (Kensington) 250 11th St., Chicago, Ill. "I could hardly work, it felt like a bag weight hanging on me and got so bad that I had to take medicine. I used Stomach Bitters for a time, but it did no good so I wrote to Dr. R. V. Pierce for advice, which he gave me immediately. I followed his directions, used two bottles of his medicine and was cured. I had a torpid liver which was troubling me instead of cramps (as I thought), so Dr. Pierce told me. I have pleasure in living now; have gained in weight 15 pounds since then."

Dr. Pierce's Pleasant Pellets cure constipation. They do not beget the pill habit.

settlement satisfactory to China would be that Russia and Japan should retain their respective treaty rights in Korea and Manchuria if they agree not to attempt to obtain further advantages in either country.

## HIS INNOCENCE SHOWN.

Col. Henry altered date on Telegram to Convict Capt. Dreyfus.

Paris, Dec. 29.—The grounds upon which Dreyfus depends for vindication and restoration to the army are that a telegram from Col. Schwartzkoppen, the late German military attaché at Paris, as presented to the court martial at Rennes, bore the date of April, 1894, when he was occupied with the mobilization of troops of which the telegram treated, whereas the actual date of the telegram was the last of March, 1895, after he (Dreyfus) had been tried.

A copy which has been found has established the correctness of Dreyfus' claim. With a pair of scissors the late Colonel Henry clipped off a corner of the telegram and thus the actual date disappeared. Then Colonel Henry annotated the telegram April, 1894. The colonel, however, neglected to remember that the month of April had only 30 days, for in the document there is mention of the "thirty-first of the current month."

The unauthenticity of the telegram could have been established had the court at Rennes appreciated the importance of the error. Finally it developed that in the telegram, where the words "ce canaille de D" appear, the initial "D" had been substituted for the letter "P." The original copy, written by M. Orbellin, the keeper of the archives of the war office, carried the letter "P." The scratching upon the paper was apparent, but M. Bertillon, the handwriting expert, testified that the letter "D" was correct. It is now claimed he was in error.

## Blown Up by Glycerin.

Cadiz, O., Dec. 29.—Walter Matthews, of Scioto, a well-known young man, was blown to atoms by nitroglycerin.

## FOR THREE-CENT FARES.

Two Ordinances to That End in Cleveland Councils.

Cleveland, Dec. 29.—Two ordinances were introduced in the city council last night pertaining to the 3-cent fare street car situation. One was that the Woodland avenue franchise, expiring Sept. 20, 1904, be given to the new 3-cent fare company, and a like transaction to occur when the Central avenue line franchise expires on March 25, 1905.

The second ordinance was to the effect that the rate of fare on street car routes shall be made 3 cents except where the terms state otherwise.

## 7,000 SHEEP DESTROYED

IN FIRE AT BUFFALO. Buffalo, Dec. 29.—Seven thousand sheep were burned to death at the East Buffalo stock yards last night. The long sheds in which they were confined were swept by the flames before any of the animals could be released. The loss is estimated at \$75,000. The sheep destroyed were "exports" and were in charge of federal officers.

## MRS. HENDRICKS' SON IS

KIDNAPED IN BROOKLYN.

New York, Dec. 29.—Mrs. Charles C. Hendricks, wife of the physician who figured with Laura Biggar, the actress, in the contest of the will of Henry Bennett, has reported to the police that her 6-year-old son had been kidnaped from in front of her home in Brooklyn.

## LAWYER DEFIES MILITIA.

Colorado Man Barricades Office and Dares Them to Enter.

Cripple Creek, Col., Dec. 29.—Attorney John M. Glover, formerly a congressman from Missouri, defied the militia, barricading himself in his office and only surrendered after receiving a bullet wound in the arm.

Colonel Verdeckberg, commanding the militia, received a letter from Glover denying the legality of the recent order for the surrender of arms by citizens. In his letter Glover referred to Governor Peabody as "a cheap anarchist." He declared that he had two revolvers in his office and defied the militia to take them from him.

Colonel Verdeckberg at once dispatched Major Naylor with a squad to capture the attorney and his weapons. The lawyer's office was found barricaded and Glover appeared with a revolver, declaring that he would shoot the first man who attempted to break down the door. The place was surrounded by troops and orders were given to shoot the man if he appeared with a revolver again.

Later Glover appeared and several shots were exchanged. Glover was wounded in the arm, after which he was captured.

## MURDER FOR REVENGE.

Weaver Kills Mother-in-Law Because of Martial Woe.

Bridgeport, Conn., Dec. 29.—Enraged because he believed that his mother-in-law, Mrs. Elizabeth Lawrence, had induced his wife to separate from him, Joseph Eardley, a plush weaver, forced his way into Mrs. Lawrence's home and shot her to death in the presence of her son, who, though dying of consumption, made a brave effort to save his mother.

Eardley went to the Lawrence house and inquired for his wife, but upon finding that she was not in the house he departed. Mrs. Lawrence later saw him approaching again with a revolver in his hand. She called to her son, Norman, aged 25, who was in bed dying from consumption. The young man attempted to come to the assistance of his mother, who braced herself against the door, but his strength failed, and Eardley, forcing the door, threw him to the floor. He then fired a bullet into the woman's temple.

## MINERS HAVE TWO OFFERS.

Ohio Operators Make Proposals for Reducing Expenses.

Cleveland, Dec. 29.—When the meeting of coal operators held here two weeks ago adjourned it was until a week later. No meeting has since been held, however, and it is now stated by a local coal operator that no further meeting will be held until the conference in Indianapolis early in January.

The same authority stated that at the meeting here the price of steam coal was put at so low a figure that the miners will be asked to accept a reduction in wages of about 10 per cent and be given full working time or the alternative of full pay and half working time.

## AFTER WAR SUPPLIES

Japan Purchases Flour and Russia Meat in the United States.

## LARGE QUANTITIES ORDERED

China Distressed at Probability of War—Using Every Effort to Avert It—Would Allow Russia to Remain in Manchuria.

St. Paul, Minn., Dec. 29.—Within the past eight business days Minneapolis mills have booked almost 100,000 barrels of flour for Japan. For some time Japan has been a heavy buyer of American flour.

Kansas City, Mo., Dec. 29.—The Russian government has just placed an order with Armour & Co. of this city for a million and a half pounds of mess meat for immediate shipment to San Francisco. The order calls for the delivery of the meat at San Francisco by Jan. 22. The meat, it is said, is for the use of the Russian army and its destination is said to be Port Arthur.

San Francisco, Dec. 29.—Getz Bros. & Co. have contracted with the Russian government to supply 3,000,000 pounds of beef. Getz Bros. & Co. are making demands on all the big packers in the west, having already placed an order for 1,000,000 pounds with Cudahy & Co., to be delivered in San Francisco.

Tokio, Dec. 29.—An important joint meeting of the cabinet and privy council has been held to consider ways and means in view of the grave situation, but no decision is anticipated in providing for the extraordinary expenditure, including the completion of the Seoul-Fusan railway. Unless Russia modifies her reply, Japan will immediately safeguard Korea, though such a step will not necessarily mean war.

St. Petersburg, Dec. 29.—The consensus of unofficial opinion among those associated with the government, but not responsible therefor, is that the czar is so peacefully disposed that he will make such concessions to Japan as are necessary to prevent war, provided that no unforeseen events force the hands of the government.

Peking, Dec. 29.—Lien Fang, first secretary of the Chinese board of foreign affairs, visited Russian Minister Lessar and requested information concerning the intention of the Russian government regarding the evacuation of Manchuria.

Minister Lessar in reply said that nothing could be done at present with a view to evacuation for two reasons. In the first place, the cold weather made it impossible to remove the troops, besides which there were no barracks accommodations to be had elsewhere; and in the second place, it would endanger Russian interests to undertake evacuation during the progress of the negotiations between Russia and Japan, for the reason that Japan might seize the opportunity to invade Manchuria.

The Chinese government is alarmed at the prospect of becoming involved in the seemingly prospective war that it would prefer that Russia should remain in control of Manchuria. As an alternative the foreign office has indicated to the ministers that

## ACCIDENTAL?

There are a great many lives suddenly terminated as a result of carelessness, although the medical certificate may read "heart failure." When a man takes chances with his stomach and neglects the warning symptoms of disease, he is carelessly inviting calamity.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which makes strength. It stimulates the liver, cures biliousness, and removes bilious impurities from the blood.

"I had been troubled with a pain in lower part of my stomach for three years, so severe I thought it would kill me in time," writes Mr. Aaron Van Dam, of Kensington, N. J. "I could hardly work; it felt like a big weight hanging on me and got so bad that I had to take medicine. I used stomach bitters for a time, but it did no good so I wrote to Dr. R. V. Pierce for advice, which he gave me immediately. I followed his directions, used two bottles of his medicine and was cured. I had a torpid liver which was troubling me instead of cramps as I thought, so Dr. Pierce told me I have pleasure in living now; have gained in weight 15 pounds since then."

Dr. Pierce's Pleasant Pellets cure constipation. They do not beget the pill habit.

settlement satisfactory to China would be that Russia and Japan should retain their respective treaty rights in Korea and Manchuria if they agree not to attempt to obtain further advantages in either country.

## HIS INNOCENCE SHOWN.

Col. Henry Altered Date on Telegram to Convict Capt. Dreyfus.

Paris, Dec. 29.—The grounds upon which Dreyfus depends for vindication and restoration to the army are that a telegram from Col. Schwartzkoppen, the late German military attaché at Paris, as presented to the court martial at Rennes, bore the date of April, 1894, when he was occupied with the mobilization of troops of which the telegram treated, whereas the actual date of the telegram was the last of March, 1895, after he (Dreyfus) had been tried.

A copy which has been found has established the correctness of Dreyfus' claim. With a pair of scissors the late Colonel Henry clipped off a corner of the telegram and thus the actual date disappeared. Then Colonel Henry annotated the telegram April, 1894. The colonel, however, neglected to remember that the month of April had only 30 days, for in the document there is mention of the "thirty-first of the current month."

The unauthenticity of the telegram could have been established had the court at Rennes appreciated the importance of the error. Finally it developed that in the telegram, where the words "ce canaille de" appear, the initial "D" had been substituted for the letter "P." The original copy, written by M. Oribelin, the keeper of the archives of the war office, carried the letter "P." The scratching upon the paper was apparent, but M. Bertillon, the handwriting expert, testified that the letter "D" was correct. It is now claimed he was in error.

Two Ordinances to That End in Cleveland Councils.

Cleveland, Dec. 29.—Two ordinances were introduced in the city council last night pertaining to the 3-cent fare street car situation. One was that the Woodland avenue franchise, expiring Sept. 20, 1904, be given to the new 3-cent fare company, and a like transaction to occur when the Central avenue line franchise expires on March 25, 1905.

The second ordinance was to the effect that the rate of fare on street car routes shall be made 3 cents except where the terms state otherwise.

Buffalo, Dec. 29.—Seven thousand sheep were burned to death at the East Buffalo stock yards last night. The long sheds in which they were confined were swept by the flames before any of the animals could be released. The loss is estimated at \$75,000. The sheep destroyed were "exports" and were in charge of federal officers.

## FORECLOSURE SUIT

Brought By Ida A. Thompson, of This City, for St. Clair Township Land.

Lisbon, December 29.—(Special).—Ida A. Thompson, of East Liverpool, has begun foreclosure proceedings against Wm. H. and Bella E. Buzzard and David Crawford, asking judgment for \$450, with interest at 7 per cent from October 12, 1900, alleged to be due on five promissory notes, secured by a mortgage on a one-acre tract in St. Clair township. G. S. Thompson, of East Liverpool, is plaintiff's attorney.

SKATING TONIGHT FROM 7:30 TO 11:00 P. M., WEST END PARK.

## HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born—A son was born yesterday to Mr. and Mrs. Elmer Gaston, of Calcutta street.

Recent Arrivals—Daughters were born last night to Mr. and Mrs. J. Chertoff, of Church alley; to Mr. and Mrs. Homer Falter, of Ravine street, and to Mr. and Mrs. Bert Posey, of Minerva street.

Loree Moves Up—L. F. Loree, once superintendent of the C. & P. railroad, with headquarters at Wellsville, has resigned the presidency of the Baltimore & Ohio and will succeed W. B. Leeds as president of the Rock Island. This is a promotion for Loree.

Given a Fine Gift—In appreciation of the faithful services rendered, the Citizens' bank tendered to Mrs. Frances Willinsky a brand new \$5 gold piece for Christmas. The lady was delightedly surprised and says words cannot express her thanks to the bank officials.

Christmas Celebration Tonight—The Christmas celebration for the children of St. Stephen's Episcopal church will be held this evening. The interior of the edifice has been tastefully decorated for the event and the little ones are anticipating an evening of much enjoyment. Rev. Mr. Weary, who was at Georgetown yesterday attending the Christmas celebration at St. Luke's church, returned today.

A Serious Operation—Oscar Russell, residing in the north end of the city, is recovering from the effects of a very delicate operation performed one day last week when a fistula was removed. Drs. W. N. Bailey and W. G. Hobbs performed the operation and it was successful in every way. The move was only decided upon as a last resort and was so delicate that it was thought at several stages he could not withstand the strain. Mr. Russell is in a critical condition for days, but his recovery is now assured.

## Licensed to Marry.

Lisbon, December 29.—(Special).—The following marriage licenses have been granted: William M. Ellis, of Findlay, and Miss Elizabeth Sayers, of Salem; Merlin Todd and Miss Leora Lowry, of Lisbon; William Hays and Miss Maude Pancake, both of Middleton township; Albert Etzrodt and Miss Marie Mercer, of Salem; William H. Frye and Miss Elizabeth Kephart, of East Liverpool; Adolph Belkey and Miss Susan Miller, of Wellsville; Rutledge Anderson, of Cobern, Wythe county Va., and Miss Carrie Weaver, of Wellsville; Richard L. Bowery and Miss Gottschalk, of East Liverpool.

No remarking of tickets at Joseph Bros.' straight 25 per cent discount on all Overcoats.

## Quinn Set Free.

John Quinn, who has been an inmate of the city jail for several days, having been arrested at the instance of his wife, was released this morning. Quinn is a good workman, an inoffensive individual and it is said a good provider when sober, but when he dabbles with liquor he becomes careless.

## A BRIEF VISIT

Rev. C. G. Jordan Greeted Old Friends And Parishioners in the City Today.

Rev. C. G. Jordan, former pastor of the First Presbyterian church, was in the city for a short time today, packing up some of his effects for removal from the city. He is delighted with his new work, in which he has been remarkably successful. In Tarentum, Pa., where he has been laboring, he succeeded in gaining over 160 converts in a small town with only one Presbyterian church.

Mr. Jordan left this afternoon for Hutchinson, Kan., where he begins evangelistic labors on Thursday. He has engagements to keep him busy through the winter and is in excellent health and spirits. At noon luncheon he was the guest of Prof. R. E. Rayman.

## TAKEN TO ARIZONA

Wife of a Lisbon Pastor Failed to Derive Benefit from the Colorado Climate.

Lisbon, December 29.—(Special).—A telegram received here yesterday afternoon from Rev. J. T. Anderson, of the Presbyterian church here, conveyed the intelligence that he had started with Mrs. Anderson from Pueblo, Col., for Phoenix, Ariz. Mrs. Anderson went to Colorado some weeks ago for the benefit of her health, which was somewhat impaired by a siege of typhoid fever last winter, but the climate of Colorado apparently did not agree with her nervous system.

Rev. Mr. Anderson was summoned to Colorado a few days ago and his message yesterday said he found Mrs. Anderson in a much more serious condition than he had anticipated, her condition necessitating her immediate removal. Mr. and Mrs. Anderson and their son James, who has been with his mother in Colorado, left Pueblo Sunday on their journey to Phoenix.

Crockery Company Incorporated. Columbus, December 29.—(Special).—The Cincinnati Glass and Crockery company, \$50,000 capital, \$15,000 preferred stock, has been incorporated to deal in crockery and glassware.

The biggest embroidery sale ever held in town takes place Thursday morning at the Leader, Washington street.

## SOCIAL EVENTS

### A Pleasant Entertainment.

Mr. and Mrs. Mendal Wasbutzky will be host and hostess tomorrow evening at their beautiful home at Fourth and Jefferson streets. The entertainment will be one of artistic appointments, accompanied by genial hospitality. The guests will consist of the lady employees of the Star Bargain store, the flourishing firm of which Mr. Wasbutzky is one of the managers. A musical program will be one of the entertaining features. Miss Margaret Baxter, who has a rare talent in music, will render a solo, accompanied by Mrs. Wasbutzky. Mrs. Wasbutzky possesses marked ability as a musician and her concert playing in Philadelphia, her former home, won for her a reputation as a talented musician. During the evening refreshments will be served. The decorations will consist largely of pink chrysanthemums. Mr. and Mrs. Wasbutzky will be assisted by Mrs. Wasbutzky's mother, Mrs. I. Rosenthal, of Philadelphia.

### Duncan-Johnson.

Salineville, December 29.—(Special).—At the home of Rev. J. L. Grimm, James Johnson and Miss Alice Duncan were married. The couple were unattended and after the ceremony went to the home of J. W. Johnson, near the depot, where a very pleasant reception was given them. The groom is one of Salineville's most prominent young business men, and enjoys the esteem of every one. He is connected with the firm of W. H. Johnson & Sons, and is a son of William Johnson and has lived in Salineville all his life. The bride came to Salineville nearly two years ago to visit an invalid sister, Mrs. Fred Johnson, and has remained ever since. Her home was formerly in Blanchard, Ia. She has endeared herself to many warm friends who induced her to make her home here.

### Birthday Party.

A pleasant party was given yesterday afternoon at the home of Officer and Mrs. Henry Aufderheide, by their young daughter, Miss Hilda Aufderheide. The afternoon was spent in music and games by the little hostess and 20 of her friends. The party marked the tenth birthday anniversary of Miss Hilda.

### Hibernians' Banquet.

The Ancient Order of Hibernians of this city have accepted an invitation for a banquet by the Hibernians of Salineville. The banquet will be held this evening and a large number from the local branch left this afternoon to attend.
